**Automotive Meetings Bursa is the only automotive supply chain event in Turkey based on a matchmaking program.**

This year, we have decided to transform Automotive Meetings Bursa into a fully digital edition to ensure the delivery of an event that is exclusive, interactive, high-level, and international reaching.

**AM Bursa #Digital Edition will gather the international community through pre-planned online B2B meetings, live conferences & replay video.**

It brings together auto makers, tier suppliers and contract-manufacturers. Engineering, procurement, supply chain, fabrication, commodity teams, suppliers and service providers will meet through pre-arranged one-on-one meetings.
